# Key Benefits Offered Under The Plan

## Benefits

## Details

### Death Benefit

In the unfortunate event of Death of the Life Insured anytime during the Policy Term, provided the Policy is in-force, **Death Benefit** shall be payable as a lump sum to the nominee.

**Death Benefit** is defined as higher of:

- Sum Assured on Death
- Surrender Benefit

Where,

‘Sum Assured on Death’ is higher of

- Sum Assured
- 105% of Total Premiums Paid till date of death

Sum Assured is equal to 10 times the Annualized Premium.

‘Total Premiums’ means total of all premiums received, excluding underwriting extra premiums, loadings for modal premiums, rider premiums, and applicable taxes, cesses and levies, if any. Discount on first year premium, if any, is excluded.

‘Annualized Premium’ shall be the premium amount payable in a year chosen by the Policyholder, excluding the taxes, rider premiums, underwriting extra premiums and loadings for modal premiums, if any. Discount on first year premium if any, is excluded.

#### Staggered Death Benefit Option

The Nominee will have an option to receive the amount of Death Benefit in Annual/Monthly instalments payable at the end of the year/month instead of a lump sum, over a period of 5 years as per the percentages given below:

Instalments Frequency	Annual	Monthly
Instalment (as % of Death Benefit)	21.80%	1.855%
Total payments (as % of Death Benefit)	109.00%	111.30%

The above percentages are determined using an interest rate of 4.50% p.a. We may revise the instalment based on the then prevailing market conditions subject to prior approval from IRDAI. Also, any change in the methodology/formula for calculating the instalment shall be subject to IRDAI approval.

Once the instalment mode has been opted by the nominee, it cannot be changed later. However, if the nominee would subsequently like to get a lump sum instead of the instalments; a discounted value of the outstanding benefits shall be paid to the nominee as a lump sum. This lump sum will be at least equal to the Sum Assured on Death less any instalments already paid.

On Survival of life insured, provided all due premiums have been paid, Survival Benefit in the form of Guaranteed Income will be paid at the end of each year starting from the first policy year (if '0 Year' deferment is chosen) until Policy Maturity.

The Income Variants are explained below,

**Level Income with Lump sum Benefit/Level Income with Enhanced Lump sum Benefit:**

Level Income Benefit, expressed as a percentage of Annualized Premium, will be paid to you which varies by Benefit Option, Income Variant, Deferment Period, Premium Payment Term, Policy Term, Life Insured's Age at inception of the policy and Annualized Premium.

**Increasing Income with Lump sum Benefit:**

Under this option, Income benefit payout will increase at a simple interest rate of 5% every 5 years from the policy commencement date as per the deferment option chosen.

## Other Features

### Policy Loan

You can take a loan against Your policy once it has acquired a Surrender Value. The minimum policy loan can be ₹ 5,000 and the maximum 80% of the then applicable Surrender Value less any outstanding policy loan balance as on that date. ABSLI shall be issuing the loan re-payment schedule at the time You opt for the loan against policy.

At the beginning of a policy year, the policy shall be assigned the latest Loan Interest Rate declared by Company. ABSLI shall declare the Loan Interest Rate applicable to all policies under this product on June 1<sup>st</sup> of every calendar year which shall be assigned to policies on their next policy anniversary and is equal to the base rate of the State Bank of India plus 100 basis points (i.e. absolute 1%).
